Notify Neonatal Incident Review Group

Report to NRLS? Yes

RIDDOR? No

Last updated Mr Dean Bennett 05/12/2016 00:00:00

### Duty of Candour - Reporter Disclosure

Was a patient involved in this incident? Yes

Has the patient been told what has happened? Patient Lacks Capacity

Have the patients family been told about the incident? Yes

What have the family been told? documented below

### Incident Investigation

Please use this field to document **ALL** updates in relation to the investigation.

Lawrence, Mrs Annemarie  
22/06/2016 09:13:39 Thematic Review -  
27 week gestation born at LWH. Multiple transfers between LWH, COCH and APH. Treated conservatively for NEC. Arrests on 13th, 14th and 15th October, rapid improvement after each arrest. Discussion with neonatologist rather than or as well as surgeon would have been appropriate on 13th Oct. Agreed plan with neonatologist from LWH on 14th Oct to stay in CoCH probably inappropriate in retrospect. Decision to transfer to APH rather than LWH on 15th also probably inappropriate as LWH should be considered surgical centre. Awaiting joint meeting with CoCH, LWH and AH surgical colleagues. Already reviewed at network level.

Lawrence, Mrs Annemarie  
01/06/2016 09:35:45 Post Mortem Report received and attached in documents.  
01/06/16 - email to Consultant Paediatrician requesting update

McMahon, Janet  
27/04/2016 14:58:10 Still awaiting feedback from review.-  
27/40 gestation delivered at LWH 18/15 970gms  
18/8/15 transferred to Chester from LWH  
6/9/15 transferred to LWH to Chester  
13/09/15 transferred to Chester from LWH  
15/10/15 transferred to APH from Chester  
17/10/15 transferred to Chester from APH  
23/10/15 infant died  
  
PM requested from legal services

McMahon, Janet  
15/04/2016 15:35:42 15/04/16 further e-mail sent requesting update on review

McMahon, Janet  
02/03/2016 10:09:38 response received from Consultant Paediatrician - case has been reviewed internally and at table top meeting in AHCH (25/3/16), and awaiting PM results. Will forward draft minutes of thematic review when complete.

McMahon, Janet  
01/03/2016 11:01:42 E-mailed for update on incident review

Peacock, Debbie  
25/01/2016 10:33:26 This is undergoing a Network review as the baby had several transfers - need to query whether the transfers were appropriate.

Peacock, Debbie  
17/12/2015 18:41:59 reviewed today at nnirg with dr sb, ep and dp. this has been escalated to the Network - sk, surgical lead is looking into it. feedback awaited from him and lwh
