Good Morning Chris

I write further to your email below, Stephen has asked that I forward a copy of the review for the attention of the Coroner.

Please note that this is still confidential to the Trust Board and will be shared with our relevant clinicians at a meeting to be held on Thursday 26th January 2017.

Stephen has therefore asked that you advise the Coroner accordingly and once it has been shared with our clinicians, the Trust has a communication plan for wider dissemination of the report, which we can share with you.

Kind regards
Claire
