Personal Data

Dear Lucy

Thank you for meeting with me today, the purpose of which was to update you and to enquire regarding your welfare. You were accompanied by Hayley Copper, RCN representative.

At our last meeting on 18 July 2016, I had informed you that your period of redeployment would be in place and would be reviewed following completion of the external review by the Royal College of Paediatrics and Child Health. Unfortunately, I was sorry to inform you that the start date for their review has been deferred until 1st week in September 2016.

I enquired regarding your well-being. Understandably you stated that you wish to return to your substantive role as soon as possible. I am aware that you have been in contact with the Occupational Health department and would re-iterate that if you feel it would help you are welcome to contact the Staff Support Service via the Occupational Health team on ext **I&S**

In the meantime I will continue to maintain regular contact with you. Should you need to clarify any concerns regarding your temporary redeployment please contact me.

Yours sincerely,

Personal Data

Karen Rees
Head of Nursing
Urgent Care Division

c.c. Tony Millea, RCN Officer
