Dear Ravi, Steve

Further to previous correspondence regarding the grievance fact-finding meetings, I can confirm that the meetings are for me as investigating officer, to establish the facts leading up to the removal of Lucy Letby from the Neonatal Unit and subsequently to that in terms of her continued redeployment to the Risk Team.

I am unable to provide you with a copy of the grievance itself, but during the fact-finding meeting, we will obviously want to establish the facts around your roles in the events described above and what led to Lucy's redeployment.

We are aiming to hold the grievance hearing on the 15th November, and ideally are looking to hold the meetings before the 11th November. I understand that you wish to be accompanied by your union representative so if you are able to provide us with suitable times / dates, then hopefully we can conclude the grievance by the 15th as scheduled. If we are unable to meet by the 11th we will have to reschedule the grievance hearing itself as your input to the grievance case is very important.

Could you please advise of dates when it's possible to meet as a matter of urgency.

Kind regards
Chris
