Dear Janet

All my actions have been completed. I have received an email reply from Chris Green regarding the pharmacist's involvement in this case and I am not entirely happy with the response. I think it would be helpful to discuss this with Chris face to face. Neither myself nor **Doctor ZA** **I&S** consultant, can meet the duty of candour with the parents until the issues regarding the gentamicin advice have been resolved.

Have you got time to meet to discuss this please Chris?

Best wishes,

Steve

Dear All

The attached action plan was reviewed at SI panel on 1st April – please can you update the actions as appropriate. I have inherited this from Debbie but am really keen to clear the decks for the new risk MW who starts on 3rd May – many thanks for your assistance

Jan
