

I&S No. But the fact that he's got an air bubble in there could have something to do with it?

R Yes.

I&S Ok. So is there anything else from that day then Yvonne that you can see?

R No I just remember the baby being adorable and mum and dad being really nice.

I&S Yeah.

R You know, so, and he was such a little tiny thing that I do remember him viv, vividly you know and I just remember mum enjoying you know holding the baby, but obviously she was very anxious **I&S**

I&S

I&S So when were you next, you went off duty that, you handed over to Melanie TAYLOR, did you, what would that have been around 8 o'clock.

R Yes.

00:24:49 **I&S** That evening? And when were you next involved with **Child C**

R Erm, actually he died Sunday and because I had him on the Friday and knew the family, when I came in on the Monday I automatically went straight to the family and supported Mel and the family with the bereavement.

I&S Ok, so that was the Friday the 12th.

R Yeah.

I&S He passed away on the Sunday but you weren't back in work until the Monday.

R That's right.

I&S And you were already aware that he'd passed away were you by that time?

R Only when I walked in I think, yeah.
