

REPORT TO HM CORONER

Report concerning the care of **Child A**, by Dr Rachel Lambie, Paediatric Registrar (ST7) at Leighton Hospital, Crewe. I was an ST6 Paediatric Registrar at Chester Hospital during the period described in the report.

This report was written on the 6th April 2016.

Name: Rachel Lambie

GMC: **PD**

Qualifications: MBCHB (2008), MRCPCH (2002), BMedSci (1999)

Position: ST7 Paediatric Trainee (Mersey Deanery)

Current employer: **Personal Data**

Employer at time of event: Countess of Chester Hospital (placement commenced February 2014)

1. I have been asked to prepare a statement detailing my involvement in the care of **Child A** following his death on the 8th June 2015. I have not documented in the neonatal notes of **Child A** and so I write this statement having reviewed the neonatal notes and with personal recollection of my involvement in this infant's care.

2. I was one of the Paediatric Registrars working on the evening of the 8th June 2015.
An emergency call was put out at approximately 2026 (according to notes) and I responded to offer assistance on the neonatal unit.

3. On my arrival, Child A was receiving CPR (cardiopulmonary resuscitation) and I assisted. I do not recall whether I took part in chest compressions or ventilation or both.

4. The consultant (Dr Jayaram) arrived within a few minutes and the resuscitation proceeded until 2058 (according to the notes).

5. That was the last contact I had with Child A

Dr Rachel Lambie 6th April 2016

ST7 Paediatric Registrar
