I&S

Were they in a bag, or?

R

No they were erm in a sort of semi open tray, erm.

I&S

Right.

R

So they were in a blue tray, if I remember.

I&S

Okay, but visible there, not covered by ..?

00.11.22

R

I don't think so, no.

I&S

Okay.

R

No 'cos I can remember seeing lines and that sort of thing and the trays, so.

I&S

Okay. So, Eirian handed the bags to you, did you have any conversation with Eirian surrounding why you were taking them, or any, any discussion?

R

Erm I can't really remember, I think there was a kind of, I think there was a kind of erm, you know, "I've got, got to pick these up and we hope it's not the reason that we think we have to" but I, I can't remember any, any particular conversation.

I&S

Yeah.

R

Around erm, yeah.

I&S

Okay. So what purpose did you retain the bags, and what do you do with them when you, do with them when you took them off the Ward, the NNU?

I&S

Okay.

R

But that, it should be recorded on the.

I&S

Yeah, yeah.

R

Into the transcripts. Erm, as regards Lucy, I did ask myself a few times, you know, am I helping out somebody here who's done something horrific, erm but then that wasn't my job to decide whether she had or hadn't done anything, my job was to do the investigation into the grievance and that was it, I, I wasn't there to draw any sort of conclusions about what had gone on, on the Unit itself, so I kind of parked that aside.

I&S

Difficult, difficult, difficult for you.

R

Yeah, yeah. Yeah, yeah, yeah. Erm and you know across this table, looking at her thinking, you know well that won't show up on the tape, will it, but thinking erm, you know, "Are, are you a monster or are you the fall-guy in this?"

I&S

Yeah.

R

Erm and I didn't know the answer to that.

00.32.44

I&S

Just going on interview with Lucy, was anything ever discussed in relation to the NNU babies, or anything like that, or was it just focused on the grievance procedure, was anything ever said to you by her, that you think is relevant for me now?

R

Erm I can look, 'cos I've got the erm transcripts here. Actually Lucy wasn't supported by erm Hayley COOPER, she was supported by Tony MILLEA, M - I - double L - E - A, who's the regional officer for the RCN.

I&S

Okay, I've not heard that name before.
