Dear Denise,

**Re: [Child A] (Deceased)**

Please could you bring this to the attention of Mr. Rheinberg. As stated in Stephen Cross' email of Friday 12<sup>th</sup> of August, please find attached the OSR report for this case, and action plan documents. Please note, the NNU Mortality Thematic Review has been redacted due to the other patients confidentiality.

Please could you confirm if another set of copy medical records is required?

Kind regards,

*Josh*
