Good Afternoon Christine

I write further to our telephone conversation this afternoon and I have just spoken to Stephen who has asked Josh to send the 2 reports over to you this afternoon. The reports are unsigned as [redacted] Doctor V [redacted] is on leave until Friday when she will be in a position to sign them, but to avoid any delay for the Coroner to have sight of the reports, Stephen asked for the unsigned reports to be sent over to you.

In respect of the review, the Trust has now received a draft report which it is considering for factual accuracy and this will be done by the end of this week. It is anticipated that the final report will be received within 14 days from the reviewers receipt of the Trust's comments, which we will then be in a position to share with the Coroner.

I have also raised your earlier email with Stephen which as you have suggested raises a number of issues particularly around the strict legal position regarding the time of death and he will be interested to hear your view in due course.

I trust this is helpful and please do not hesitate to contact me if you have any queries.

Kind regards  
Claire
