Hello Margaret

I forwarded Ian Harvey's email to you this morning which contained the RCPCH report.

Now that I have read it, I note appendix 4 is missing and that it was the original review of the 13 deaths and not the individual case review report that we really would like to see but it is our understanding that it is the report that the clinicians don't agree with.

I had asked for a copy of the brief sent to their legal advisor but Ian did not enclose it.

Are you happy to wait for the outcome of the external Board meeting on Thursday?

I would have liked more information but cant see that we are likely to gain any more by pushing before their Board meet.

Michael
