Dear All

Just to note this action plan is only for the recommendations of the first report not the independent review that followed. Michael will you pick this up with them, as we progress, as we agreed with Ian there would be one action plan. I don't want to muddy the water with another response from me as you are the current communication route.

I am concerned again about time though as Ian did describe the learning as clinical issues/ delays to treatment that need action now not when the report has been accepted

Subject: CoCH NNU Draft action plan

Dear all,

Please see attached draft action plan in respect of our RCPCH external review. A meeting is currently being arranged with the clinical team to finalise this document

Regards, Alison

Alison Kelly
