Thanks Steve.

One additional comment that you might consider adding somewhere that relates to the 'theme' of some of the cases involving babies that suddenly and unexpectedly deteriorated and in whom there was no clear cause for the deterioration/death identified at PM.

Ranitidine paper attached.

Best wishes,
Nim

Dear all,
Many thanks for attending the meeting today.
I have attached the draft report. If you have any suggestions for modifying it please let me know.
Once we are all happy with it, it can be submitted to the Governance Board please Debbie (or successor!)

I think myself and Eirian will have to get together and form a "task and finish" group for the actions.

Steve
