The additional times are really helpful. I think that there needs to wider representation because you all signed the letters, most have been involved in at least one of the cases (some in more than one), and at the meeting on the 27<sup>th</sup> an email from Michael saying that he saw no other option was quoted.

Dear Ian,

There is a degree of urgency about this and we are not going to be able to get all the consultants together at short notice.

The rationale for this meeting that you communicated to me yesterday was so that the barrister can let you know the best way of informing the police after getting a better understanding of the cases from us. I'm not sure therefore why we all need to be at this meeting.

The only other time a number of us might be available would be after 5pm today or Thursday.

Best wishes,  
Steve

I'll discuss at Execs in the morning, however, I think it is important that as many as possible are available, this can't just be around you and Ravi and asking if any of the others can join you: after all, the letters have been signed by all the Consultants.
