- Wife. Lower - No issues (DRESS)
- No press coverage. over wife. - speculative eng. last week from our newspaper. (fishing trip)
- Board last Thursday

Ak. thro' Joan spoke to Nurse x.
Further mkg this am. with Yvonne & RCM
Tony Melia. RCM regional.

Nurse - pressures on unit
cannot guarantee 1-1 supervision
re-deploy to risk team
'no investigation' re-iterate
explain done all date work.

Ask team? Beechcroft - Ruppom in her.
Safety of unit.
cannot guarantee supervision

Nurse
Friday Pressures on team - got worse in last wk.
Shift anxious in unit.

Sickness likely to go up - may mean more
Daily monitoring in place. both close.

Lorraine: spreadsheet for monitoring
to Chair Jones on a Monday
for consideration on Wed Decs

TC. Safety brief - every shift.

LB. Onus on senior nursing team to monitor.

TC. Created risky environment - mistakes likely.

Sympathetic to RCM position.

Nurse x is vulnerable.

We need to move her.

Bre has briefed Linda.

we will brief RCM off-line. as a
professional body - share slides,
press s/mnts / shift vulnerable.

SPC Facebook / social media..

Teams: Joan in bad place.

Ruth in bad place.

Ak. Share Breerly email to Ruth
copy to Ian / Alison.

All emails thro' Ian to Ruth.

TC Analysis still needed - neonatal network
date.

IH. 'Unexpected deaths' - definition..

Hunch. but feeling has there been an
increase in mortality
& consultant.

SPC - Police issue. responder missing across network.

Actions

Network dates? ?

Shift/bnt notes? ?

Nurse - move!

Morcombe Bay report.

Neonatalogist - understanding 'crash' or not

Antibiotics? responding to resusc.

∴ were they really unexpected

close. 10.15am.

10.30. Tel. conversation with James Wilkie.

Advised James that Nurse to be moved - 1-1
supervision not available ∴ safety over first
plus support to Nurse.

* 11.30. Me - Duncan email. following conversation
with James Wilkie
