

3:20pm IH.

Tc. To IH report in public domain - thro. Corner.

13 babies - reviews!

4 went on to pathology review. By Alder Hey.
11 explained.

2: unknown of triplets!

still unascertained - refer to geneticist.

Well recognized that in neonates you
can't find a cause.

Ravi. Asked for report bcz of unexplained
or unexpected deaths.

+
we actually changed intensity of unit
ie. pb. safety paramount &
reduced level of unit.

concern - selfish - presented on Thursday.
poor consultant practice as the
moving this - consultants playing
golf? I've done the belly stuff
so I'm likely to be door-stopped.

2nd story - leadership
culture

Ravi. gutter press.
very open. parents knew.
grieving parents.
funny business.

important to say we took active decision
to downsize unit.

Ravi. Clinicians need certainty re. cause of death.
