Hi Doctor U

As long as she has the clearance to work within the trust, coming to theatre will not be a problem. Will Lucy be visiting in an ad hoc basis or is there a specific date that you would like her to come? I am assuming that you are coordinating with Mr Lamont to identify appropriate cases.

Many thanks

I&S

**Subject:** Theatre observation

Dear I&S & Colleagues,

Mr Lamont has recommended that I email you to enquire about the possibility of arranging some theatre observation time for a Neonatal Intensive Care Unit practitioner from the Countess of Chester Hospital.

Lucy Letby is a Band 5 staff nurse with an interest in NICU nursing of post-operative babies, in order to facilitate her personal development she would like to have the opportunity to observe some theatre sessions. Mr Lamont feels that this is no problem from a surgical perspective.

Can you tell me who I would be best liaising with in order to help arrange this?

Many thanks,

Doctor U
