

Path. report - no medical cause of death.
- not causative but pulmonary arteries

? Dr. Harkness. Why Inquest?

Louis. Sudden death. Unexpected. Not anticipated.
∴ Duty of Coroner.
Family - test evidence in public.

Dr. MacComide. Q's from family.
Line.

Outlined her involvement.
Learning re: lines. Dr. Dodson presents
for suspension.

Chest & abdominal x-ray.
Blind procedure.
Common complication re: entry.
Film removed with force.
Advised to remove line & do 2nd line.

Louis. ? re: potential serious damage
if line wrong

Rami. Rupture potentially - blood loss but
wd pick up

Louis. Not evidence of this.

to Dr. Harkness. involvement.

- Spm. - discussion re: lines exist
- to remove lines as this stage wd be bad.
- BAPHAM guidelines!
- less involvement of previous line with new line.
- guide wire - heart rhythm, - no probs.
- doing 3 lines - still scrubbed up
- x-ray suggests line was in correct position.
- happy for nurses to run 10% dry hose.
